

Investment Banking M&A; Pitchbook

Finance Recruiting Portfolio Project

Project Objective

Strategic transaction analysis, valuation, buyers, synergies, accretion/dilution and deal risks.

Core Skills Demonstrated

Financial modeling • analytical judgment • scenario analysis • risk assessment • Excel / presentation skills • clear investment or transaction conclusions.

Recruiting Relevance

PowerPoint / transaction storytelling

Interview Talking Point

I built a investment banking m&a; pitchbook project to demonstrate how I would structure the analysis, identify the key drivers, test downside cases and translate the results into a decision-oriented recommendation.

Important Note

This portfolio project is for educational and recruiting use. Where full market or company datasets are not embedded, assumptions are explicitly illustrative and should not be represented as realized investment performance or actual transaction advice.
